Rev. R. B. C. Howell, of Richmond. This distinguished divine has been a journing in our city for some days past, having taken Nashville on his route home from Louisville, where he had been attending the South ra Baptist Convention over whose deliberations he has presided for a number of years. He filled an appointment to preach, Sanday, in the First Baptist Church, on Summer street. He was, for more than fifteen years, the revered pastor of the congregation which worships in that Church-indeed, it was under his ministrations that the congregation was gathered together, and the beautiful little temp'e built and consecrated to the service of his Muster, But, not alone to the members, and habitues of that Church, did he commend himself by his exemplary piety, and able efforts in the sacred desk; he made warm friends in every department of respectable society, who were attached to him, as well by his gendal social qualities of head and heart as by his consistent christianly characteristics. It is not surprising, therefore, that his appointment Sunday called out the largest audience that had assembled in his old Church for several years; and that numbers had to go away without getting in. Received with unmistskable demonstrations of respect and affection by old friends, and urged by them, and others of our citizens, irrespective of sect or de nomination, to cast his lines amongst us again, he must have realized sensations of the purest pleas ure. We believe that we but utter the universal centiment entertained by all of our citizens, who know him, that his removal to Richmond deprived Nashville of an invaluable citizen, and his Church of a pastor whose vacancy has not been filled, and probably can only be filled by himself. We do not believe that any point in the country would sian Temple, No. 20. give him a broader or more extensive field for the useful employment of his telents, and we trust that the efforts which are being made to induce him to re invest himself with the robes he abdicated some years ago, may prove successful. The Church, knowing its own wants, and with an appreciation of his former services heightened by the loss of them, have, we understand, with entire unanimity, invited him to resume his former position. We are sure that his acceptance of the invitation would be res zens of Nashville generally.

FIREMEN'S ANNUAL CELEBRATION .- The gallant terday in full force, participating to their annual celebration. The weather was beautiful for the occosion, and all semed to enjoy themselves finely. The procession was formed on Broad street, and marched through the principal streets, then terminating on the Square, where it was dismissed. We think it invidious to speak of any one company in particular, the whole procession, as a body of firemen, being the finest and best looking, with nerve, will and determination, that we have ever seen on p rade in Nashville The rear of the procession was closed up by the Pioneer Hook and Ladder Company, with their "ascending rigging" on wheels, with the motto, we "raise to save." We trust this display of the city's "safety guard," will be duly appreciated by our citizens, and that our VIRGINIA & TENNESSEE TOBACCO. noble firemen will ever remember that in "union there is strength," and always be found as one man battling for the right, with an ardor and zeal so great that "nature will refuse to extinguish" the enthusiasm. The festivities of the day were closed by several balls in different portions of the city.

THE THEATRE. - Miss Emma Stanley continues her entertainments at the theatre. The audience night before last, though not so large as she deserved to have, was highly delighted. She is a lady of very fine attainments, and in the delineation of JOHN C. SCHOOLEY & CO. character, in its most striking points, is superior to any actress we have ever seen. She has entered the world and taken there from, persons under one or another name, we all know and presents them in their highest perfection, in a most chaste and quiet manner. We forget, under her magic power, that we are really within the theatre, but fancy ourselves in the neat drawing room of a familiar friend, and meeting with well-known acquaintances, as they pass before us. Who has loved a pouting schoolgirl (rather who has not?) who has been under the keen eye of a school-mi-tr s? who has be n the unwilling subject of the belle, the charming coquette? who has taken lessons from the French dancing master? who has an unsophisticated country cousin? who has a grandmother, whose hair is white, whose step is tremulous and unsteady, and around whom the tenderest and purest affections of the heart cluster with a devotion which is indescripabl? Let all such go and hear Miss Stanley, and have their boy-love renewed, their school days renumbered, their charmed life of the ball-room lived over again-let them again keep step to the NO. 14 CEDAR STREET, NASHVILLE, TENN bow-wand of the Frenchman, confide anew in the rustic virtues of their blooming cousins, and have their hearts inspired with that unselfish love which eucircles the stooping form of a dear, aged grand-

ROBERT HATTON, Esq., the American candidate for Governor is expected in town to day on his way to meet his competitor at Camden.

SMALL Pox .- It has been reported that there were several cases of small pox in a boarding house kept by Mrs. Lewis, on the corner of Broad and Summer streets. This report took its rise, undoubtedly, from the fact that a person was taken into her house to board who had recently recovered from that disease, but had been pronounced well by one of the best physicians in the city. The public are assured that the report is ntterly false.

"FLATS AND HAT ." - The rush for flats and hats, bonnets and ribbons, head dresses and flowers, mantilles and fancy goods, continues unabated at the New York Millinery E-nporium, No. 32, Union street, where the ladies will find many new and besut ful articles of wearing apparel, suitable for the season. See advertisement in another column.

Cigans.-We take occasion again, to call the attention of our readers to the fact that Messrs. Ly ons & Co., Cedar street, are in constant receipt of as good cigars as any that ever cross the Mexican Gulf to this country; and that they are engaged in manufacturing extensively, from the "first cut" disappointed in teering the truth of what we say, they have but to make the fact known to us, and then, as politicians sometimes say, "we shall see what we shall see." Lyons & Co., have also a large stock of genuine imported liquors, which they are disposing of at wholesale. Judging of one part of the trade by the other, and by the gentlemen of this firm, themselves, we should say these latter were good also. On this announcement we imag- atook of ine many of our readers will smile.

FIVE MINUTES THROUGH .- Messra. Stewart & Owen have received a supply of the new style ice cream freezers, by means of which the cream can is now : be frozen in five minutes. A most convenient article for family use.

Mrs. John Davis has opened an ice cream saloon on Union street, under the Odd-Fellows' Hall, where she will farnish her customers during the coming summer, with that delicious compound. Her appointments, embody all the requisites to make it a most pleasant resort. Mrs. D. also keeps a variety of confectioneries. Give her a call.

Miss McCanthay, a brilliant star in the dramatic firmament, has, we learn, arrived in this city, and will commence an angagomement at the Nachville Theatre, next week.

VALUABLE REAL ESTATE FOR SALE.

HAVING sold, within the last twelve months, eight tracts or parcels of Land to eight different persons, is some evidence that I am offering good bargains. I have a few more to offer to those wishing to purchase. As I am improving a Farm near Ashport, Tenn., on the Mississippi

River, I have determined to sell my Land in Davidson and Sumner counties during the present year, to concentrate my business at one point. The Farm I reside on 7% miles from Nashville, near the Nashville and Louisville Railroad and the Gallatin Turnpike, half mile from Cumberland

River, containing 128 acres, well improved, with a good brick house with seven rooms, kitchen, store room and

four rooms in the basement story, all necessary out build-ings of every description, of cedar timber, superior fruit

orchards, fine garden and vineyard: about 50 acres cleared; balance good timber, and well set in blue grass. A barrain can be had by applying to J. L. & R. W. Brown, Nashville, or to myself, upon the premises.

ALSO.—425 acres, in lots to suit purchasers, 10 miles

from Gallatin, near the Railroad. A good chance for persons of small capital who want homes. Terms easy, and

time will be given. Apply to Joseph S. Walince, Summer county, or to the undersigned, at his residence. I have also, Steam Saw Mill Machinery and Horse Mill Power for

ited New York last year for the purpose of making arrangements with the best Piano Forte makers to sell their Instru-

ments. After spending several weeks in that great me-tropolis, visiting the different manufacturers of note, he

came to the conclusion—and who might be judge in this case if a Tuner of twelve years is not—that the Pianos of of Lighte, Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, whereby he is enabled to furnish Pianos at retail cost in

New York, freight and charges added, so that every one who buys of him may know that he is not paying more for

hemselves if he were to visit them in person. This House

s making twenty Pianos per week, a much greater number than is made by any other in the United States, and for

purity and volume of tone and fineness of finish, both in-side and out, the proof is that they stand wholly unrival-led. These Pianes were awarded the first premium by the

juries of the World's Fair and the Fair of the American Institute in 1853. Among the many Musicians and Ama-

teurs who have from time to time examined these Instru

ments, testified to their superiority, and recommended them to their friends, are LOWELL, Mason and THOS. HASTISGS, of

world-wide celebrity, H. C. TIMM, President of the Philharmonic Society, N.Y., THEODORN ELSTELD, conductor of the

Philharmonic Society, N. Y., Gwage F. Boot, juror in the Fair of the American Institute, in 1858, J. Leavi, U. C. Hill, F. H. Nass, Edward Hows, Jr., &c., &c.

GEO, J. WEIR, of Boston, the well-known and popular

Teacher and Composer, after examining these instruments and testifying to their entire superiority, opened a House in Boston, the central point of the once renowned Chicker

ing, and within a short time sold upwards of Forty Pianos to his music. I friends and acquaintances, many of them of the highest style and finish.—\$500 or \$700.

GEO. F. BEISTOW, of New York, the distinguished con

er, Organist and Pianist, was authorized by the New York Harmonic Society to select the best Piano that could be made for their use. He gave the preference to Lighte, Newton & Bradbury's "large scale" over all others, Grand's not excepted, and purchased one for the use of the Society.

But Mr. Kingan deems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has been for many years a successful Tuner among them, and has met with, and Tuned and Repaired Planos of every

make, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Piano
